

MODERN EDUCATION WITH **MORAL VALUES**

“ CHAIRMAN'S MESSAGE

We want that our child should study in a well reputed or branded school for getting education. After spending 15 years in that school, they become an Engineer, Doctors, Managers, Entrepreneurs or a high salary package employee. But do they become-

1. A good character human being ?
2. Kind and helpful ?
3. Courteous ?
4. A good citizen of our country ?

The answer is – **Doubtful**

Here is the school whose foundation is laid on these concerns and it works with the noble vision of making the children as a good learner and a good character human being by providing them the academic excellence and moral value based education.
